LED indicators

Solid blue: Device is on.

Blue blinking: Device is ready for setup.

Blue rapid blinking: Setup is in progress.

Red blinking: No network connection or setup has timed out.

OFF: Device is off.

Set up your Smart Plug

1. Plug your device into an indoor power outlet.
2. Download the latest version of the Alexa app from the app store.
3. Open the Alexa app and tap the More icon to add a device, then follow the on-screen instructions. If prompted by the app, scan the 2D barcode on the back page.

For troubleshooting and more information, go to www.amazon.com/devicesupport.

Use your Smart Plug with Alexa

To use your device with Alexa, just say, "Alexa, turn on First Plug."

Set up helpful routines

Use Routines to schedule items to turn on and off automatically or use Away Lighting to make it look like you're home when you're not. To access Routines, open the Alexa app, tap the More icon, and select Routines.
